

QUALITY POLICY

Surya Nautika Sdn. Bhd.'s Safety Management System describes the Company's management system for the safe operation of ships and for pollution prevention. Its contents have been reviewed and indicate conformity with the requirement of I.M.O. Resolution A741/18 - The International Safety Management Code.

Surya Nautika Sdn. Bhd. is committed to implement and to provide direction and means to implement the Quality Policy that covers all company's activities through the following objective:

- Provide our customers with only quality services
- Provide our customers with the best value for our services
- Provide effective, systematic operational and quality of services in a cost-effective manner
- Provide a system of continuous improvement across all disciplines
- Provide a system of employee involvement, motivation and training

These objectives will be achieved by:

- Maintaining high standards of safety consciousness, personnel discipline and individual accountability by adherence to comprehensive and documented system of training.
- Actively promoting employee participation in measures aimed at improving safety and protecting the environment.
- Keeping all personnel fully informed of any known or potential hazards that may affect themselves, their colleagues, the ship or the environment by transmittal of pertinent documentation.
- Ensuring adherence at all times to the documented operating procedure by a system of internal verification of procedures and activities.
- Continuously reviewing all mandatory rules, regulations, industry codes and guidelines that are relevant to specific ship types and trades.
