

STOP WORK POLICY

Surya Nautika Sdn. Bhd.'s Safety Management System describes the Company's stop work policy for the safe operation of ships and for pollution prevention. Its contents have been reviewed with the requirement of I.M.O. Resolution A741/18 - The International Safety Management Code.

In line with our Safety Management System where our objective are stipulated, the master has overriding authority and responsibilities for taking all necessary actions for safety, pollution prevention and the efficient operation of his ship.

It is the right of any company's employee to stop work when there is an implication for safe operations or pollution risk and immediate threat to the safety and health of themselves or others

Should any such circumstances arise, the work should be stopped immediately and vessel crew to informed master for further advice. Work that ceased due to a stop work order must not be resumed until the task is re-evaluated for a safer and harmless approach.
